

FAMILY TOOL MULT-OR-SWITCH MODULE - Parts list

These are the necessary parts needed to build our module.

If you wish, you can order them directly at Mouser Eletronics here:

<https://www.mouser.com/ProjectManager/ProjectDetail.aspx?AccessID=f593de0139>

You can get the PCB and panel here:

<https://uncprop.com/product/familytool-module/>

Sliding nuts or threaded rails are necessary to mount modules.
